

Riccardo La Malfa

Frontend-focused Full-Stack Developer (React, TypeScript, Python)

Italy • Open to EU Relocation • riccardo.lamalfa94@gmail.com • +39 3314852911

Summary

Frontend-focused Full-Stack Developer with nearly 2 years of experience building and deploying web applications from PoC to production. Strong in React, TypeScript, Python, and serverless architectures, with exposure to AI workflows and DevOps practices.

Core Skills

- Frontend: React, Next.js, Svelte, TypeScript, Tailwind
- Backend: Python, PHP, Laravel, Django, Serverless (OpenWhisk)
- DevOps: Docker, CI/CD, Linux, Bash
- Databases: MySQL, PostgreSQL

Professional Experience

Python Developer – Nuvolaris (08/2025 – Present)

- Built full-stack applications (PoC → production) with React/Svelte frontend and Python serverless backend
- Developed AI-based workflows for data extraction and processing
- Presented technical solutions to clients

Full-Stack Developer – Aroma S.r.l. (10/2024 – 06/2025)

- Developed scalable frontend architecture with React
- Implemented features across frontend and backend (Laravel)
- Managed deployments using Docker and Linux environments

Full-Stack Developer – Loliv (06/2024 – 12/2024)

- Designed and developed full-stack web application
- Managed database architecture and deployments
- Coordinated small technical team

Projects

- Apache OpenServerless – Open source contribution
- VPN setup with WireGuard (Linux)
- Client website development (WordPress)

Education

Master in Architecture – Politecnico di Torino

Bachelor in Architecture – Politecnico di Torino

Languages

Italian (Native), English (C1), French (A2)

Relocation

Open to relocation across EU (Netherlands, Germany, Denmark preferred)
